You are your own captain at London Boat Rentals! Our boats reach a cruising speed of 5 miles an hour, very similar to driving a golf cart. The boats are very easy to navigate. Upon boarding our vessels, our Dock Master will charter you to the open Bay. Once the dock master reaches the end of the dock, the keys will be handed off to you! You will be given a quick tutorial on how to navigate the vessel, a map of all the sites to see and places to cruise. It's as easy as that!

WE RECOMMEND THESE DINE OUT LONG BEACH RESTAURANTS:
